## Enclosure Adopt a changemaker

### **Make it possible for a changemaker to participate at Rework The World - The 5<sup>th</sup> Global YES Summit 2-5 June 2010, in Leksand, Sweden.**

Tällberg Foundation offers individuals and organizations the opportunity to contribute to creating tomorrow's green and sustainable labour market by sponsoring a participant in the 5<sup>th</sup> Global YES Summit.

By joining this program of supporting a changemaker, you or your company provide one or several individuals with the unique opportunity to join the Summit and help them realize their ambition and ideas. You will in turn get to be part of this process and to experience the values, vision and energy that will reshape the world.

The changemaker is an entrepreneur with strong and visionary ideas to create sustainable livelihoods, young or older, from any part of the world.
